St. Joseph's Pre-University College became an independent institution in 2001 after the bifurcation of Pre-University education from the undergraduate course as decided by the Government of Karnataka.

Success in St. Joseph's is not defined just in terms of academic excellence, but in directing its educational efforts to make future leaders with a holistic combination of intellectual prowess, social concern, personal and moral values, who march towards building a just and equitable society.

St. Joseph's offers a wide range of course combinations for Pre-University Education and promises exciting and rewarding opportunities that ensure holistic development in a student. Here, you will be an active partner in a shared enterprise to face the ever changing world with more confidence.

"Education, to be complete must be humane; it must include not only the training of the intellect but also the refinement of the heart and the discipline of the spirit."

-Dr. S Radhakrishnan

History

St. Ignatius of Loyola founded the Society of Jesus (Jesuit Order) in 1540. Education of youth all over the world has been one of the objectives of the Jesuits with their motto "For the Greater Glory of God" to make men and women for others.

St. Joseph's College, Bengaluru, was established in 1882 by the French Foreign Missionary Fathers for the purpose of imparting higher education. In 1937 the management of the College was handed over to the Jesuits of Karnataka Province. The College is managed by the Bangalore Jesuit Educational Society and is a part of more than 30 colleges throughout India. St. Joseph's Pre-University College is a minority institution, primarily meant for the education of Catholic Students (boys). However, since its inception, the College has been imparting liberal education to students of all denominations without distinction of caste and creed.

Emblem

The Emblem of the College dates back to 1882 made by the French Foreign Missionary Fathers, who started the institution. The crest is made up of two scrolls, one placed above the crown, on which is inscribed the motto of the institution in Latin - "Fide et Labore" and the other is placed beneath the palm leaves, which bears the name of the institution. The shield bears the cross in the center, which is symbolic of Christian Faith, and there are two bees on either side of the lower part of the cross representing hard work. The crown which is placed above the shield is a heraldic symbol of supremacy and glory. The compartment beneath the shield consists of palm leaves, which represent victory.

Our Motto: Faith and Toil

St. Joseph's Pre-University College, a premier educational institution exclusively for boys, boasts of an academic fraternity dedicated to the motto of Faith and Toil. At St. Joseph's, one commits to this spirit and the ideals that have inspired several generations. In Latin - "Fide et Labore" means Faith and Toil. Faith, among other things, gives man a commitment to God, to his fellow men and to intellectual pursuits. Toil is a necessary pre-requisite for any success.

Our Inspiration:

St. Joseph, who is the foster father of Jesus Christ, was a carpenter by profession and a symbol of hard work and toil. True to his life, St. Joseph is called a just man. He was a person who had faith in God, in his fellow human beings and toiled for his livelihood. The motto of the college, "Fide et Labore" reflects the life and spirit of St. Joseph.

Every Josephite is nurtured to follow the example of our Patron Saint.

Our state-of-the art campus is located in the heart of the I. T. Capital of India on Residency Road (Field Marshall K.M.Cariappa Road). The modern building flanked by the old heritage buildings, sheltered under a canopy of trees, speaks of the grandeur of the legacy of St. Joseph's. The main block houses the office of the Director, the Principal, Administrative office, Library, Staff rooms and Classrooms while the annexe buildings hold various Laboratories, a Music room, and additional well designed Classrooms.

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived.
